DigiWx AWOS INSTALLED AT SKY MANOR, PITTSTOWN, NJ

BALTIMORE, MD. – Belfort Instrument Company, one of the country’s oldest meteorological sensor and meteorological system manufactures, has installed its DigiWx™ Automated Weather Observation system (AWOS) at the Sky Manor Airport (N40), Pittstown, NJ

The AWOS AV provides real-time wind speed, wind direction, temperature, relative humidity, dewpoint and altimeter setting and visibility information on a graphical displaying the FBO office, over the airport’s Unicom radio, via dial-in telephone, and on the Internet.

According to Adam Silverstein, Manager of Sky Manor; “The DigiWx is up and running and providing real-time weather to our pilots,” he continues, “the addition of the weather station ensures our commitment to safe flight operations for everyone using the airport.”

Belfort Instrument Company has been a leading provider of weather instruments to government, professional meteorology and aviation markets for over 130 years. Detailed information can be found at www.belfortinstrument.com and www.digiwx.com
