STEVE K EAGAN JOINS BELFORT SALES TEAM

BALTIMORE, MD. – Belfort Instrument Company, one of the country’s oldest meteorological sensor and meteorological system manufacturers, is pleased to announce that Steve K. Eagan has been hired by Belfort Instrument Company as Sales & Marketing Manager, Environmental Products.

Steve has more than 20 years in the environmental sensor and system markets including synoptic meteorological stations, Road Weather Information Systems, and Automated Weather Observation Systems for aviation. Steve will head up the sales and marketing of Belfort’s new line of environmental sensors including the AEPG 600/1000 Weighing Rain Gauge, the AEDA Model 140A Aerovane Anemometer, and the Model 6500 Visibility Sensor as well as continue the sales of Belfort’s world renowned legacy sensors.

“Steve brings a wealth of environmental sensor and system sales to Belfort; this according to Ralph F Petragani, Vice President Sales & Marketing for Belfort, he continues, “ the addition of Steve to the team will allow us to concentrate on our core market of environmental sensors that has been the mainstay of Belfort for more than 135 years.”

Belfort Instrument Company has been a leading provider of weather instruments to government, professional meteorology and aviation markets for over 130 years. Detailed information can be found at www.belfortinstrument.com .
